### **INSTALLATION WARRANTY CONDITIONS**

Audio Design Services Limited warrants this installation to be free from defects in material and workmanship for the period of one year from the date of completion of the installation.

In the event of a claim being made under the warranty, Audio Design Services agrees to an authorised site visit where repair or replacement of parts and all labour will be free of charge, subject to the following:

- the defect becomes apparent during normal use, as defined in the initial installation contract
- the products in the installation have not been subjected to misuse, abuse, neglect, accident, altered wiring, or improper use
- the installation itself has not been altered or repaired by unauthorised personnel
- Audio Design Services Limited authorised personnel examine and judge the installation and/or product components comprising the installation to be defective.

Audio Design Services Limited will, at their discretion, repair or replace product components comprising the installation and/or the installation free of charge.

Audio Design Services reserve the right to amend the installation and/or replace faulty components comprising the installation with updated products or products of a similar design.

The warranty period on any batteries included in the installation is limited to ninety (90) days.

This warranty is in lieu of all other warranties expressed or implied and no one is authorised to assume any liability on behalf of Audio Design Services Limited or impose any obligation on it in connection with the sale of any product or completion of any installation other than is outlined above.
